#### Narrative

Flat Rock-Hawcreek School Corporation is seeking proposals for a project to supply and install Category 1 eligible network equipment upgrades at its eligible locations. Bidders are advised that this project will be contingent upon the successful obtaining of E-Rate funding, and the contract agreement between the district and the successful bidder must recognize that contingency.

The Applicant seeks an agreement that allows it to work with the selected vendor to adjust quantities and/or scale back or cancel the project entirely as needed based upon funding availability and/or the best interests of the District.

#### Project Scope

The District seeks eligible Category 1 network equipment as outlined in Appendix A. Per E-Rate rules, modulating electronics or other equipment necessary to make a Category 1 eligible data transmission service function is eligible for Category 1 support. Equipment shall be new, factory-sealed equipment currently available from the manufacturer; the District will not accept proposals of used, remanufactured, refurbished, B stock, returns, open-box, discontinued, gray market, or equipment in any other condition other than new and factory-sealed with all original manufacturer warranties.

Installation will be in addition to existing equipment and the requested equipment will be integrated into the existing environment. Each bid should include all labor necessary for staging, installation, testing, and documentation of equipment. Equipment staging will consist of (but not be limited to) ensuring firmware version consistency, configuration loading, and hardware preparation for mounting. Software and firmware version for components will be agreed upon at time of deployment, and configurations will be coordinated with Flat Rock-Hawcreek School Corporation staff. Installation by the selected vendor shall include the removal of the existing equipment and placement of the new equipment. Equipment testing should verify access to internal resources and the Internet. Documentation should include configuration and summary reports of installations.

All questions and answers will be posted to <http://www.flatrock.k12.in.us/technology/erate> by November 3, 2021. It is the sole responsibility of the Service Provider to check for any addenda that may be issued.

The school district reserves the right to reject each and every bid, and to waive informalities, irregularities, and errors in the bidding to the extent permitted by law. This includes the right to extend the date and time for receipt of bids. In the event that a responsible bid is not received or if it is determined that the low bid received is too high, the bid received will be rejected and the project will be cancelled or re-bid.

Bids should be e-mailed to the office of Denise Ollestad, Technology Director, at [dollestad@flatrock.k12.in.us](mailto:dollestad@flatrock.k12.in.us) by 3:00 pm (EST) on December 2, 2021.
